**British Science Day**- Each child who takes part in at least four activities from British Science Week will receive a British Science Week 2019 Explorer Award. To find out more visit [britishscienceweek.org/explorer-award](http://britishscienceweek.org/explorer-award)

**CREST** is a nationally recognised scheme for student-led project work in the STEM subjects (science, technology, engineering and maths). CREST gives young people aged 5–19 the chance to choose their own subject and methodology when completing their hands-on investigation.

**STEM** subjects provide a platform to extend young people's learning. Most importantly, they are fun and exciting, allowing all involved to explore STEM subjects in innovative and inventive ways outside the curriculum.

**External Activity Providers**- these are the specialist activities we have booked to add extra fun to the day!
